DEVERO SPA Method Deep Tissue

25' **€ 50.00** · 50' **€ 90.00**

The DEVERO SPA Method combines Tecar therapy with manual massage. Tecar releases deep tension, preparing muscles and joints for the manual work. It eliminates lactic acid, improves elasticity and brings immediate relief.

Relaxing Massage

25' **€ 45.00** · 50' **€ 85.00**

One of the most ancient treatments, used to relieve fatigue and pain while deeply relaxing, releasing the muscular and nervous tension affecting the neck, back and abdomen.

Draining Massage

50' **€ 90.00**

Encourages the drainage of lymph and excess fluids. Particularly recommended for skin imperfections caused by cellulite and water retention, and for pregnant women.

Hot Stone Massage

50' **€ 90.00**

The holistic Hot Stone massage harnesses the healing properties of warm stones, stimulating the body's vital energy centres, better known as chakras.

Candle Massage

50' **€ 90.00**

Relaxing for body and mind, it leaves the skin softer than any oil: drops of light vegetable butter melt tension away and restore tone and vigour to the body.

04 Facial Treatments

RADIANCE AND CARE FOR FACIAL SKIN

An essential treatment to prevent or treat skin impurities and acne. It deeply purifies the skin by removing dead cells, blackheads and small blemishes, preventing bacteria build-up.

A clay-based detoxifying treatment, ideal for impure skin of all ages. Perfect at the change of season or after a particularly stressful period.

Hydrating & Brightening — 60 MIN € 85.00

Gives the skin the right hydration, tone and nourishment: thanks to innovative active ingredients, the skin is revitalised, toned and radiant, with tissues strengthened against premature ageing.

Soothing for Sensitive Skin — 60 MIN € 85.00

A balancing, protective treatment for sensitive and delicate skin, with a decongesting and shielding action for reactive skin prone to redness, couperose and fragile capillaries.

Anti-Age — Lifting Effect — 60 MIN € 95.00

An exclusive ritual that restores light, tone and definition to the face: lifting movements and targeted techniques restore firmness, smooth the features and brighten the complexion, for a natural, harmonious lift.
